

Restaurant Paging System

Better Communications, Boost Sales and Service

Transform your guests' waiting experience into an enjoyable one with SmartCall paging system. You can inform them about their wait status or communicate other messages quietly and clearly, resulting in faster table turns and greater guest satisfaction. No long lines or noisy crowds to contend with.

SmartCall helps you increase sales. Convenient pagers free waiting guests to visit the bar or nearby areas. Stream menu specials or other promotional announcements to their pagers and boost your bottom line. With SmartCall, you'll deliver more customer-friendly service and prevent potential walkaways.

SmartCall keeps waiting guests constantly and quietly updated, resulting in happier customers and higher profits.

SmartCall Highlights

- > **Clear Text Messaging**
Achieves better communications with customers, speeds up service and enhances customer satisfaction.
- > **Wait Position Updates**
Keep customers informed of the number of parties ahead of them for faster table turns and more efficient service.
- > **Advertising Bulletins**
Deliver promotional messages on menu specials or gift cards directly to waiting customers.
- > **Anti-Theft Feature**
Minimizes pager loss with an out-of-range alert.
- > **User-Replaceable Rechargeable Batteries**
Battery replacement is easy and convenient, keeping the cost of ownership down.
- > **Smart Charging**
Dramatically extends the life of pager batteries without overcharging them.
- > **PC Paging Integration**
Lets you send up to 20 customized messages for more personalized service.
- > **Flexible Integration**
Works with numerous table management software systems like QSR, ProHost, Guestbridge.
