

Retail Paging System

Clear Communications Boosts Customer Satisfaction and Sales

Give customers the best shopping experience possible with SmartCall paging system. You can easily keep retail customers updated while they wait for an item in stock to be delivered, a gift wrapped, or a special service completed. SmartCall's text messages help you communicate clearly and quickly so there's no guesswork. And you'll eliminate long lines and noisy crowds.

SmartCall helps you increase sales. Convenient pagers free waiting customers to continue shopping and spending more. You can easily stream sales or promotional messages to customers, directing them to additional purchases. Plus, you'll operate more efficiently, increase customer satisfaction and boost the bottom line.

SmartCall continuously updates customers on a retail service and frees them to shop more, resulting in better service and higher sales.

SmartCall Highlights

- > **Clear Text Messaging**
Enhances communication with customers, speeds up service and increases sales.
- > **Dynamic Updates**
Inform customers of changes made to their wait status for faster, more efficient service.
- > **Advertising Bulletins**
Deliver promotional messages on sales, specials or gift cards directly to waiting customers.
- > **Anti-Theft Feature**
Minimizes pager loss with an out-of-range alert.
- > **User-Replaceable Rechargeable Batteries**
Battery replacement is easy and convenient, keeping the cost of ownership down.
- > **Smart Charging**
Dramatically extends the life of pager batteries without overcharging them.
- > **PC Paging Integration**
Lets you send up to 20 customized messages for more personalized service.
- > **Flexible Integration**
SmartCall integrates with other management software systems.
